

SUPUN NIMANTHA

Lead Software Engineer Full-Stack (.Net/React)

PROFILE

I'm a dedicated, competent, goal oriented and highly-skilled individual with a sound foundation of developing systems as a full-stack software developer over 10 years of experience and now I'm seeking for a committed opportunity to make a positive contribution to an organization. I possess demonstrative, initiative, leadership and organizational skills and I'm willing to accept all challenges with a focus on meeting and achieving objectives. I can't do something halfway, three-quarters, nine-tenths. If I'm going to do something, I go all the way.
