Date 12/15/2022

To whom it may concern,

This letter is intended for employment verification.

NewGLink Corporation hereby confirms that H. V. Supun Nimantha (NIC: 911582511V) served as a full-stack software developer (remote) for NewGLink Corp. from 02/02/2019 to 06/04/2019, working on database and web-based application development projects. During this time, he successfully completed phase 1 of our project, which involved teacher access, including the integration of the SignalR2 chat system. He also completed phase 2 of our BCBA (Board Certified Behavior Analyst) School System, developing it as an ASP.Net MVC5 web application.

In addition to his software development duties, Mr. Nimantha was responsible for maintaining and optimizing our AWS infrastructure, including AWS EC2 cloud instances, VPS management, Windows hosting environments, AWS Route53 for DNS management, and other AWS services critical to our operations. His knowledge and expertise in cloud-based services ensured the reliability and scalability of our systems.

We are delighted with his work, mainly because he always liked to put in his maximum effort and always tried to add something valuable or came up with a better way than we originally planned, which made our product even better. Further, we wish him the very best in his future endeavors, and if I can be of assistance, please do not hesitate to contact me.

Warm regards,

Ahmed Nagaty
CEO
