

Employment Verification and Service Letter

June 5, 2026

To whom it may concern,

This letter certifies that Mr. Supun Nimantha was employed by AvanSight Inc. (CA, USA) from April 2020 to April 2025 as Lead Software Engineer and Offshore Manager.

During his tenure, Mr. Nimantha was a key member of our leadership and engineering team. He architected and led development of our Clinical Trial Management System, which evolved into a scalable multi-company platform, and he established and managed our offshore engineering operations.

His core responsibilities included:

- Leading the design, development, and expansion of our clinical trial software platform
- Building, mentoring, and managing a high-performing offshore engineering team
- Driving Agile delivery, including sprint planning, backlog management, and project tracking via Jira and Confluence
- Engaging stakeholders and clients to translate business requirements into technical solutions
- Establishing development standards, conducting code reviews, and ensuring software quality
- Architecting enterprise web applications and APIs using ASP.NET Core, C#, SQL Server, React, Next.js, and GraphQL
- Supporting technical recruitment, client demonstrations, and quality assurance initiatives

Throughout his employment, Mr. Nimantha consistently demonstrated strong technical expertise, leadership, and a commitment to delivering high-quality solutions. We greatly valued his contributions and wish him continued success.

If you have any questions or require additional information, please feel free to contact me at roger.zhang@avansightinc.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger Zhang", written in a cursive style.

Roger Zhang

CTO and Co-founder, AvanSight Inc.
