WORK IN DK

Denmark, Køge, 01.06.2019

To whom it may concern.

It is hereby confirmed that H. V. Supun Nimantha (NIC: 911582511V) has been working as a freelance developer for our company from January to December 2017 on database related development projects. Supun has made great efforts and delivered to our full expectations eg. he has created all of our recruitment management system.

We would like to tie Supun even closer to our company but here in Denmark regular employers (and people in the private sector in general) need to attend Postgraduate studies in order to be viewed as fully educated (and thereby employable) specialists – especially within IT.

As Search & Selection specialists to the Nordic countries we believe that Supun holds great potential for obtaining a work-related visum is regards to the scarcity within IT-positions all over the line.

If Supun obtains Postgraduate qualifications within a tech branch related field we would most definitely consider him for a full employment position here in Denmark and help him obtain a DK work permit/visum.

:// To support this statement I have attached some of wire transfers made by our accounting dept.

Kind regards

Niels Peter Nielsen
Director
